

BadgerCon Agenda 2017

Dear BadgerCon Attendee,

We are delighted to welcome you to BadgerCon 2017 and want to thank you for making the time to join us today to discuss how to get the most from BadgerNet in the UK. Our goal is simply to ensure that the BadgerNet Service delights you. If it's not doing that, we really want to understand why. This makes days like today invaluable.

We are keen to listen to your views as we work through the agenda, which focusses on work to date and the intended roadmap for BadgerNet. In order to make best use of time, most of the day is split into two sessions in the rooms indicated. Please feel free to choose the sessions you would like to attend and move between the rooms. If there is a session you will not be able to attend, Clevermed will send through the minutes of the session and very happy to set up separate calls with users to discuss information covered today.

Thanks, and looking forward to speaking with you today,

Peter Badger
